Emotional Health Presentation

Cheltenham Girls High School Parents and Citizens Association would like to take this opportunity to invite our parents, students, teachers, and support staff to an evening lecture to be held in our School Hall on Monday, 18th June, 2012 commencing at 7.30pm.

It is a fact that many students, and perhaps also their parents, undergo a deal of stress and anxiety during their high school years.

In response to this, the P&C have organised for Dr. Xie Liu, Psychologist, Doctorate of Psychology (Candidate), Centre of Emotional Health, Macquarie University, to give a presentation on this subject, and perhaps provide answers to the many questions parents and students may have in this often complicated arena.

The cost of entry is a gold coin donation. Tea and coffee will be served.

This is a wonderful opportunity for anyone in need of information in this area. We hope you and your family will take advantage of this presentation and look forward to seeing you on the night.

More information about their services can be found at;

Local author Bernadette Azizi spoke on the 7-9 student assembly about her first published book “Undying”. She told students about her experiences in avoiding reading when she was younger and how inspiration and determination have resulted in her first published book. After the assembly, many students spoke on a more informal level in the Library with Bernadette about how she went about getting her work published and encouraged the girls to continue with their creative writing.
Parents and students in Years 8 and 10 are strongly encouraged to attend the subject selection night on Wednesday 20/6/12.

Information about the requirements of subject choice and the procedures students need to follow will be discussed.

Year 10 will also receive detailed information regarding curriculum options, the rules covering patterns of study to be eligible for a HSC and also how the Australian Tertiary Admission Rank (ATAR) is calculated.
